

Hey @react-three-fiber, Draw me a Cube ( $s=10$ ).

R3F

Sure! I have my own fancy reconciler, will get some help from [@react](#) for scheduling and [@threejs](#) for rendering.

I'm ready! @WebGL we got some work to do.

react, react-three-fiber, threejs, WebGL, CPU, GPU, YouTube

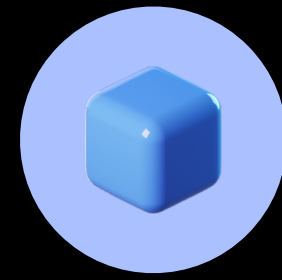

react and react-three-fiber have entered the chat.

Send me over some JSX and make sure you have your primitives intact. I do love me some scheduling.

Not again 🙄

# Rendering a 3D Scene on the Browser
